SHARE OPTIONS IN THE COMPANY

Singapore Press Holdings Group (1999) Share Option Scheme ("1999 Scheme")

4. (a) The 1999 Scheme was approved by shareholders at an Extraordinary General Meeting held on July 16, 1999 and is administered by the Remuneration Committee ("the Committee"). At another Extraordinary General Meeting held on December 5, 2006, the shareholders approved the adoption of the SPH Performance Share Plan and the 1999 Scheme was terminated with regard to the grant of further options. All options granted and outstanding under the 1999 Scheme expired on December 16, 2015. With that, the 1999 Scheme has fully terminated.
- (b) Details of options granted previously have been disclosed in the Directors' Reports for the respective years.
- (c) No ordinary shares were issued during the financial year pursuant to the exercise of options granted under the 1999 Scheme.
- (d) The aggregate number of options granted since the commencement of the 1999 Scheme on July 16, 1999 to December 5, 2006 is 103,090,950.
- (e) The persons to whom the options have been granted do not have the right to participate, by virtue of the options, in any share issue of any other company.

PERFORMANCE SHARES IN THE COMPANY

SPH Performance Share Plan ("the Share Plan")

5. (a) The Share Plan was approved by shareholders at an Extraordinary General Meeting held on December 5, 2006 and is administered by the Committee.
- (b) Persons eligible to participate in the Share Plan are selected Group Employees of such rank and service period as the Committee may determine, and other participants selected by the Committee.
- (c) Awards initially granted under the Share Plan are conditional and will be principally performance-based with performance conditions to be set over a multi-year performance period. Performance conditions are intended to be based on medium- to longer-term corporate objectives and include both market and non-market conditions. Market conditions include Absolute Total Shareholder Return versus cost of equity and Relative Total Shareholder Return against ST All-Share Index. Non-market conditions include Media Business EBITDA, distributable income of SPH REIT, market competitiveness, quality of returns including sales, efficiency, productivity and profit, and business and productivity growth.
- (d) The Share Plan contemplates the award of fully-paid shares, their equivalent cash value or combinations thereof, free of charge, provided that certain prescribed performance conditions are met and upon expiry of the prescribed vesting periods.
- (e) Senior management are required to hold a minimum number of shares under the share ownership guideline which requires them to maintain a beneficial ownership stake in the Company, thus further aligning their interests with shareholders.
6. (a) During the financial year, 1,771,925 performance shares were granted subject to the terms and conditions of the Share Plan as follows:

Category	No. of Persons	No. of Performance Shares Granted
Executive Director	1	280,000 ¹
Employee	157	1,491,925 ²
	158	1,771,925

¹ 80,000 granted with non-market conditions, and 200,000 granted with both market and non-market conditions.

² 984,025 granted with non-market conditions, and 507,900 granted with both market and non-market conditions.

The aggregate number of performance shares granted since the commencement of the Share Plan on December 5, 2006 to August 31, 2016 is 20,722,675 performance shares.

The above figures represent the shares required if participants are awarded at 100% of the grant. However, the shares awarded at the vesting date could range from 0% to 150%, depending on the level of achievement against the pre-set performance conditions.

- (b) 1,597,252 ordinary shares were delivered during the financial year pursuant to the vesting of awards granted under the Share Plan.

The aggregate number of performance shares comprised in awards which are outstanding as at August 31, 2016 is 5,073,039 performance shares.

INDEPENDENT AUDITORS' REPORT

to the members of Singapore Press Holdings Limited

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Singapore Press Holdings Limited (the Company) and its subsidiaries (the Group), which comprise the statements of financial position of the Group and the Company as at August 31, 2016, the income statement, statement of comprehensive income, statement of changes in total equity and statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 121 to 206.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the financial position of the Group and of the Company as at August 31, 2016 and the financial performance, changes in equity and cash flows of the Group for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") under the historical cost convention except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. Areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in Note 3.

The Group has adopted the new or revised FRS and Interpretations to FRS ("INT FRS") that are mandatory for application in the financial year.

The adoption of the new or revised FRS and INT FRS has not resulted in any substantial changes to the Group's accounting policies nor has any significant impact on these financial statements.

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by Group entities.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Group accounting

(i) Subsidiaries

- Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to the end of the financial year.

Subsidiaries are entities controlled by the Group, generally accompanied by a shareholding of more than one half of the voting rights. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date on which control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests are that part of net results of operations and of net assets of a subsidiary attributable to interests which are not owned directly or indirectly by the Company. They are shown separately in the consolidated income statement, statement of comprehensive income, statement of changes in total equity and statement of financial position. Total comprehensive income is attributed to the non-controlling interests based on their respective interests in a subsidiary, even if this results in the non-controlling interests having a deficit balance.

- Acquisitions

The acquisition method of accounting is used to account for business combinations by the Group.

The consideration transferred for the acquisition of a subsidiary comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

Please refer to Note 2(l)(i) for the accounting policy on goodwill arising from business combination.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Group accounting (cont'd)

(i) Subsidiaries (cont'd)

- Disposals

Upon the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any amounts previously recognised in other comprehensive income in respect of that entity are transferred to the income statement or transferred directly to retained earnings if required by a specific standard.

Any retained interest in the entity is remeasured at fair value at the date that control is lost. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in the income statement.

- Transactions with non-controlling interests

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control over the subsidiary are accounted for as transactions with shareholders of the company. Any difference between the change in the carrying amount of the non-controlling interest and the fair value of the consideration paid or received is recognised in retained profits within equity attributable to the shareholders of the company.

(ii) Associates/Joint ventures

Associates are entities over which the Group has significant influence, but not control or joint control, and generally accompanied by a shareholding giving rise to between and including 20% and 50% of voting rights. Where the voting rights are less than 20%, the presumption that the entity is not an associate is overcome if the Group has significant influence including representation on the board of directors or participation in policy-making process of the investee.

A joint venture is an arrangement in which the Group has joint control, whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

The Group's investments in associates/joint ventures are accounted for in the consolidated financial statements using the equity method of accounting less impairment losses. Investments in associates/joint ventures are initially recognised at cost. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued or liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition.

In applying the equity method of accounting, the Group's share of the post-acquisition results of associates/joint ventures is included in its consolidated income statement. The Group's share of the post-acquisition other comprehensive income is recognised in other comprehensive income. These post-acquisition movements and distributions received from the associates/joint ventures are adjusted against the carrying amount of the investments in the consolidated statement of financial position. When the Group's share of losses in an associate/joint venture equals or exceeds its interest in the associate/joint venture, including any unsecured non-current receivables, the Group does not recognise further losses, unless it has obligations or has made payments on behalf of the associate/joint venture.

Adjustments are made to the financial statements of associates/joint ventures, where necessary, to ensure consistency of accounting policies with those of the Group.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Group accounting (cont'd)

(ii) Associates/Joint ventures (cont'd)

Unrealised gains on transactions between the Group and its associates/joint ventures are eliminated to the extent of the Group's investments in the associates/joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

The investment in the associate/joint venture is derecognised when the Group ceases to have significant influence or joint control respectively. Any amounts previously recognised in other comprehensive income in respect of that entity are transferred to the income statement. Any retained interest in the entity is remeasured at its fair value. The difference between the carrying amount of the retained interest at the date when significant influence or joint control is lost and its fair value is recognised in the income statement.

If the ownership interest in an associate/joint venture is reduced but significant influence or joint control is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are transferred to income statement where appropriate. Gains or losses arising from such transactions are recognised in the income statement.

(c) Currency translation

(i) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollars ("presentation currency"), which is also the Company's functional currency. All financial information presented in Singapore Dollars have been rounded to the nearest thousand, unless otherwise stated.

(ii) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Currency translation gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the reporting date are taken to the income statement.

Currency translation differences on non-monetary items which are equity investments held at fair value through profit or loss are reported as part of the fair value gain or loss in the income statement. Currency translation differences on non-monetary items which are equity investments classified as available-for-sale financial assets are included in other comprehensive income.

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined. Non-monetary items that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c) Currency translation (cont'd)

(iii) Translation of Group entities' financial statements

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- Assets and liabilities are translated at the closing exchange rates at the reporting date;
- Income and expenses are translated at average exchange rates; and
- All resulting exchange differences are taken to other comprehensive income and transferred to the income statement upon the disposal of the foreign operation as part of the gain or loss on disposal.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity on or after September 1, 2005 are treated as assets and liabilities of the foreign entity and translated at the closing rates at the reporting date. For acquisitions prior to September 1, 2005, the exchange rates at the dates of acquisition are used.

(d) Impairment of non-financial assets

(i) Goodwill

Goodwill recognised separately as an intangible asset is tested annually for impairment, as well as when there is any indication that the goodwill may be impaired. Goodwill included in the carrying amount of an investment in an associate/joint venture is tested for impairment as part of the investment, rather than separately, where there is objective evidence that the investment may be impaired.

For the purpose of impairment testing of goodwill, goodwill is allocated to each of the Group's cash-generating units ("CGU") expected to benefit from synergies arising from the business combination.

An impairment loss is recognised when the carrying amount of the CGU, including the goodwill, exceeds the recoverable amount of the CGU. Recoverable amount of the CGU is the higher of the CGU's fair value less cost to sell and value-in-use.

The total impairment loss of a CGU is allocated first to reduce the carrying amount of goodwill allocated to the CGU and then to the other assets of the CGU pro-rata on the basis of the carrying amount of each asset in the CGU.

An impairment loss on goodwill is recognised in the income statement and is not reversed in a subsequent period.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Impairment of non-financial assets (cont'd)

(ii) Other intangible assets Property, plant and equipment Investments in subsidiaries, associates and joint ventures

Other intangible assets, property, plant and equipment and investments in subsidiaries, associates and joint ventures are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the CGU to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in the income statement.

An impairment loss for an asset other than goodwill is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset other than goodwill is recognised in the income statement.

(e) Property, plant and equipment

(i) Measurement

Property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

(ii) Depreciation

Depreciation is calculated using the straight-line method to allocate the depreciable amounts over the expected useful lives of the assets. The estimated useful lives for this purpose are:

Leasehold land and buildings	30-50 years
Plant and equipment	1-20 years
Furniture and fittings	1-10 years
Motor vehicles	3-10 years

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each reporting date. The effects of any revision are recognised in the income statement when the changes arise.

No depreciation is charged on capital work-in-progress.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(e) Property, plant and equipment (cont'd)

(iii) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in the income statement when incurred.

(iv) Disposal

On disposal of an item of property, plant and equipment, the difference between the net disposal proceeds and its carrying amount is taken to the income statement.

(f) Investment properties

Investment properties comprise retail, office and residential buildings that are held for long-term rental yields.

Investment properties are initially recognised at cost and subsequently measured at fair value. Any gains or losses arising from the changes in their fair values are taken to the income statement.

The cost of an investment property includes capitalisation of borrowing costs [Note 2(g)] for the purchase, renovation and extension of the investment property while these activities are in progress. For this purpose, the interest rates applied to funds provided for the development are based on the actual interest rates payable on the borrowings for such development.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised and the carrying amounts of the replaced components are written-off to the income statement. The cost of maintenance, repairs and minor improvements is charged to the income statement when incurred.

Properties that are being constructed or developed for future use as investment properties are classified as investment properties.

Where the fair value of the investment property under construction or development cannot be reliably measured, the property is measured at cost until the earlier of the date the construction is completed or the date at which fair value becomes reliably measurable.

On disposal of an investment property, the difference between the net disposal proceeds and its carrying amount is taken to the income statement.

(g) Borrowing costs

Borrowing costs are recognised in the income statement using the effective interest method except for those costs that are directly attributable to borrowings acquired specifically for the construction or development of properties. This includes those costs on borrowings acquired specially for the construction or development of properties and assets under construction, as well as those in relation to general borrowings used to finance the construction or development of properties and assets under construction.

The actual borrowing costs incurred during the period up to the issuance of the temporary occupation permit less any investment income on temporary investment of these borrowings, are capitalised in the cost of the property under development [Note 2(f)].

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(h) Investments in subsidiaries, associates and joint ventures

Investments in subsidiaries, associates and joint ventures are included in the Company's statement of financial position at cost less accumulated impairment losses. On disposal of these investments, the difference between disposal proceeds and the carrying amount of the investments is recognised in the income statement.

(i) Financial assets

(i) Classification

The Group classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, held-to-maturity, and available-for-sale. The classification depends on the nature of the assets and the purpose for which the assets were acquired. Management determines the classification of its financial assets on initial recognition.

- Financial assets at fair value through profit or loss

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified as held for trading if it is acquired principally for the purpose of selling in the short term. Financial assets designated as fair value through profit or loss at inception are those that are managed and their performances are evaluated on a fair value basis, in accordance with a documented Group investment strategy. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are presented as current assets if they are either held for trading or are expected to be realised within 12 months after the reporting date. Financial assets designated at fair value through profit or loss comprise securities that otherwise would have been classified as available-for-sale.

- Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the reporting date which are presented as non-current assets. Loans and receivables comprise bank balances and fixed deposits and trade and other receivables.

- Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities for which the Group has the positive intention and ability to hold to maturity.

- Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the reporting date. Available-for-sale financial assets comprise debt and equity securities.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Financial assets (cont'd)

(ii) Recognition and derecognition

Purchases and sales of financial assets are recognised on trade-date – the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the net sale proceeds and its carrying amount is recognised in the income statement. Any amounts in the fair value reserve relating to that asset is also transferred to the income statement.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Group has a legal right to offset the amounts and intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

(iii) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value. Transaction costs for financial assets at fair value through profit or loss are recognised immediately in the income statement.

(iv) Subsequent measurement

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method less accumulated impairment losses.

Gains and losses arising from changes in the fair values of financial assets at fair value through profit or loss, including the effects of currency translation, interest and dividends, are recognised in the income statement in the period in which they arise. Changes in the fair value of monetary assets denominated in foreign currencies and classified as available-for-sale are analysed into currency translation differences resulting from changes in the amortised cost of the asset and other changes. The currency translation differences are recognised in the income statement and other changes are recognised in other comprehensive income. Changes in fair values of non-monetary assets that are classified as available-for-sale are recognised in other comprehensive income, together with the related currency translation differences.

Interest income on available-for-sale financial assets, calculated using the effective interest method, is recognised in the income statement. Dividends on available-for-sale equity securities are recognised in the income statement when the Group's right to receive payment is established. When financial assets classified as available-for-sale are sold or impaired, the accumulated fair value adjustments recognised in the fair value reserve within equity are included in the income statement.

NOTES TO THE FINANCIAL STATEMENTS

August 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) Financial assets (cont'd)

(v) Impairment

The Group assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

- Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are objective evidence that these financial assets are impaired. The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The amount of the allowance for impairment is recognised in the income statement. When the asset becomes uncollectible, it is written-off against the allowance account. Subsequent recoveries of amounts previously written-off are recognised in the income statement.

The allowance for impairment loss account is reduced through the income statement in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost, had no impairment been recognised in prior periods.

- Available-for-sale financial assets

In the case of an equity security classified as available-for-sale, in addition to the objective evidence of impairment described in loans and receivables, a significant or prolonged decline in the fair value of the security below its cost is objective evidence that the security is impaired.

When there is objective evidence that an available-for-sale financial asset is impaired, the cumulative loss that has been recognised directly in the fair value reserve is transferred from the fair value reserve within equity and recognised in the income statement. The cumulative loss is measured as the difference between the acquisition cost (net of any principal repayments and amortisation) and the current fair value, less any impairment loss on that financial asset previously recognised in the income statement.

Impairment loss on debt instruments classified as available-for-sale financial assets is reversed through the income statement. However, impairment losses with respect to equity instruments classified as available-for-sale financial assets are not reversed through the income statement.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(j) Fair value estimation of financial assets and liabilities

The fair values of financial instruments traded in active markets (such as exchange-traded and over-the-counter securities and derivatives) are based on quoted market prices as at the reporting date. The quoted market prices used for financial assets are the current bid prices; the appropriate quoted market prices for financial liabilities are the current asking prices.

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Where appropriate, quoted market prices or dealer quotes for similar instruments are used. Methods such as estimating with reference to recent arm's length transactions, discounted cash flow projections and the underlying net asset value of the investee companies are also used to determine the fair values of the financial instruments.

The fair values of currency forwards are determined using actively quoted forward exchange rates. The fair values of interest rate swaps are calculated as the present value of the estimated future cash flows discounted at actively quoted interest rates. The fair values of cross currency swaps are calculated as the present value of the estimated future cash flows discounted at actively quoted interest and forward exchange rates.

(k) Derivatives and hedging activities

Derivatives are used to manage exposure to foreign exchange and interest rate risks arising from operating, financing and investing activities. Derivatives taken up directly by the Group are not used for trading purposes.

A derivative is initially recognised at its fair value on the date the derivative contract is entered into and is subsequently carried at its fair value. The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Group designates its derivatives for hedging purposes as either hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedge), or hedges of highly probable forecast transactions (cash flow hedge).

The Group documents at the inception of the transaction the relationship between hedging instruments and hedged items, as well as its risk management objective and strategies for undertaking various hedge transactions. The Group also documents its assessment, both at hedge inception and on an ongoing basis, of whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of the hedged items.

The carrying amount of a derivative designated as a hedge is presented as a non-current asset or liability if the remaining expected life of the hedged item is more than 12 months, and as a current asset or liability if the remaining expected life of the hedged item is less than 12 months. The fair value of a trading derivative is presented as a current asset or liability.

(i) Cash flow hedge

The Group has entered into interest rate swaps that are cash flow hedges for the Group's exposure to interest rate risk on its borrowings. These contracts entitle the Group to receive interest at floating rates on notional principal amounts and oblige the Group to pay interest at fixed rates on the same notional principal amounts, thus allowing the Group to raise borrowings at floating rates and swap them into fixed rates.

The fair value changes on the effective portion of these interest rate swaps are recognised in other comprehensive income and transferred to the income statement in the periods when the interest expense on the borrowings is recognised in the income statement. The gain or loss relating to the ineffective portion is recognised immediately in the income statement.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(k) Derivatives and hedging activities (cont'd)

(ii) Derivatives that do not qualify for hedge accounting

Changes in the fair value of any derivatives that do not qualify for hedge accounting are recognised immediately in the income statement.

(l) Intangible assets

(i) Goodwill arising from business combination

Goodwill arising from business combination is the excess of the fair value of consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets and contingent liabilities acquired. If this is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the income statement.

Goodwill arising from business combination is recognised separately as intangible assets and carried at cost less accumulated impairment losses.

Goodwill on acquisition of associates and joint ventures is recorded as part of the carrying value of the investments in the consolidated statement of financial position.

The gains and losses on the disposal of subsidiaries, associates and joint ventures include the carrying amount of goodwill relating to the entity sold.

(ii) Technology, trademarks, licences, mastheads and others

Technology, trademarks, licences, mastheads and other intangible assets acquired as part of business combinations are initially recognised at their fair values at the acquisition date and are subsequently carried at cost (i.e. the fair values on initial recognition) less accumulated amortisation and accumulated impairment losses. The fair value of patents and trademarks acquired in a business combination is based on the discounted estimated royalty payments that are expected to be avoided as a result of the patent and trademark being owned, or the multi-period excess earnings method, whereby the subject asset is valued after deducting a fair return on all other assets that are part of creating the related cash flows. The fair value of customer relationships acquired in a business combination is determined using the multi-period excess earnings method.

Technology and licenses acquired separately are initially recognised at cost and subsequently carried at cost less accumulated amortisation and accumulated impairment losses.

These costs are amortised to the income statement using the straight-line method over 3 to 20 years, which is the shorter of their estimated useful lives and periods of contractual rights. The amortisation period and amortisation method of intangible assets other than goodwill are reviewed at least at each reporting date. The effects of any revision are recognised in the income statement when the changes arise.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(m) Inventories

Inventories comprise raw materials and consumable stores, and are stated at the lower of cost and net realisable value.

The cost of raw materials and consumable stores includes transport and handling costs, and any other directly attributable costs, and is determined on the weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated variable selling expenses.

(n) Borrowings

Borrowings are initially recognised at fair value (net of transaction costs incurred) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is taken to the income statement over the period of the borrowings using the effective interest method.

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the reporting date, in which case they are presented as non-current liabilities.

(o) Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Trade and other payables are initially carried at fair value, and subsequently carried at amortised cost using the effective interest method.

The Group derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

(p) Dividends payable

Interim dividends are recorded during the financial year in which they are declared payable. Final dividends are recorded during the financial year in which the dividends are approved by the shareholders.

(q) Employee benefits

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(i) Short-term employee benefits

All short-term employee benefits, including accumulated compensated absences, are recognised in the income statement in the period in which the employees rendered their services to the Group.

(ii) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as Singapore's Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid. The Group's contributions to defined contribution plans are recognised in the financial year when they are due.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(q) Employee benefits (cont'd)

(iii) Share-based compensation

- Share options

The share option scheme allows selected employees of the Company and/or its subsidiaries, including the Executive Director of the Company, and other selected participants, to subscribe for ordinary shares in the Company at an agreed exercise price.

The fair value of the options granted is recognised as a share-based compensation expense in the income statement with a corresponding increase in the share-based compensation reserve over the vesting period. The fair value is measured at grant date and recognised over the vesting period during which the employees become unconditionally entitled to the options.

When the options are exercised, the proceeds received (net of any directly attributable transaction costs) and the balance previously recognised in the share-based compensation reserve are credited to share capital when new ordinary shares are issued, or to the treasury share account within equity when treasury shares purchased are re-issued to the employees.

- Performance shares

Persons eligible to participate in the SPH Performance Share Plan ("the Share Plan") are selected Group Employees of such rank and service period as the Remuneration Committee ("the Committee") may determine, and other participants selected by the Committee.

The Share Plan contemplates the award of fully-paid ordinary shares, their equivalent cash value or combinations thereof, free of charge, provided that certain prescribed performance conditions are met and upon expiry of the prescribed vesting periods.

The fair value of the performance shares granted is recognised as a share-based compensation expense in the income statement with a corresponding increase in the share-based compensation reserve over the vesting period.

The amount is determined by reference to the fair value of the performance shares on grant date.

If the performance condition is a market condition, the probability of the performance condition being met is taken into account in estimating the fair value of the ordinary shares granted at the grant date. The compensation cost shall be charged to the income statement on a basis that fairly reflects the manner in which the benefits will accrue to the employee under the Share Plan over the prescribed vesting periods from date of grant. No adjustments to the amounts charged to the income statement are made whether or not the market condition is met.

For performance share grants with non-market conditions, the Company revises its estimates of the number of share grants expected to vest and corresponding adjustments are made to the income statement and share-based compensation reserve. The Company assesses this change at the end of each reporting period.

(r) Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

NOTES TO THE FINANCIAL STATEMENTS

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(s) Income taxes

Current tax for current and prior periods is recognised at the amount expected to be paid to (or recovered from) the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither accounting nor taxable profit or loss.

Deferred tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the reporting date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amounts of its assets and liabilities.

Deferred tax liabilities are recognised on temporary differences arising on investments in subsidiaries, associates and joint ventures, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Current and deferred taxes are recognised as income or expense in the income statement, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity. Deferred tax arising from a business combination is adjusted against the related goodwill.

(t) Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Group's activities. Revenue is presented, net of goods and services tax, rebates, discounts and returns, and after eliminating sales within the Group.

The Group recognises revenue when the amount of revenue and related cost can be reliably measured, when it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Group's activities are met as follows:

- (i) Revenue from the sale of the Group's products is recognised on completion of delivery;
- (ii) Revenue from advertisements is recognised in the period in which the advertisement is published or broadcasted;
- (iii) Revenue from rental and rental-related services is recognised on a straight-line basis over the lease term. Lease incentives granted are recognised as an integral part of the total rental income;
- (iv) Revenue from the provision of other services is recognised in the period in which the services are rendered;
- (v) Dividend income is recognised when the right to receive payment is established; and
- (vi) Interest income is recognised using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(u) Operating leases

When a group company is the lessee:

Leases where substantially all of the risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases are recognised as expenses in the income statement on a straight-line basis over the period of the lease. Contingent rents are recognised as an expense in the income statement when incurred.

When a group company is the lessor:

Leases where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Assets leased out under operating leases are included in investment properties. Rental income from operating leases is recognised in the income statement on a straight-line basis over the lease term. Lease incentives granted are recognised as an integral part of the total rental income, over the term of the lease. Contingent rents are recognised as income in the income statement when earned.

(v) Share capital and treasury shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

The consideration paid for treasury shares, including any directly attributable incremental costs, is presented as a component within shareholders' equity until the shares are cancelled, re-issued or disposed of. Where such shares are subsequently re-issued or disposed of, any consideration received, net of any directly attributable incremental transaction costs, is included in shareholders' equity. Realised gain or loss on disposal or re-issue of treasury shares is included in retained profits of the Company.

When treasury shares are subsequently cancelled, the cost of the treasury shares is deducted against the share capital account, if the shares are purchased out of capital of the Company, or against the retained profits of the Company, if the shares are purchased out of profits of the Company.

(w) Segment reporting

Segmental information are reported in a manner consistent with the internal reporting provided to the Chief Executive Officer of the Company who conducts a regular review for allocation of resources and assessment of performance of the operating segments.

(x) Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows, cash and cash equivalents include cash on hand and deposits with financial institutions which are subject to an insignificant risk of change in value.

NOTES TO THE FINANCIAL STATEMENTS

3. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

The preparation of financial statements in conformity with FRS requires management to make estimates, assumptions and judgements that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that have significant effect on the amounts recognised are as follows:

- **Fair value estimation**

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Methods used include estimating with reference to recent arm's length transactions, discounted cash flow projections and the underlying net asset value of the investee companies.

The fair value of investment properties is based on independent professional valuations using valuation techniques and assumptions.

- **Recoverable value of goodwill and other intangible assets**

The Group determines whether goodwill and other intangible assets are impaired at least on an annual basis. This requires an estimation of the value-in-use of the cash-generating units to which goodwill or other intangible assets are allocated. Estimating the value-in-use requires the Group to make an estimate of the expected future cash flows from the cash-generating unit and also to choose an appropriate discount rate in order to calculate the present value of those cash flows. Forecasts of future cash flows are based on the Group's estimates using sector and industry trends, general market and economic conditions, changes in technology and other available information. Information about the assumptions and their risk factors relating to goodwill and other intangible assets impairment are discussed in Note 13(a).

Information about critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements is as follows:

- **Impairment of available-for-sale financial assets**

The Group follows the guidance of FRS 39 in determining when an investment is considered impaired. The Group evaluates the duration and extent to which the fair value of an investment is less than its cost in its assessment of impairment allowances. Under exceptional circumstances, the Group may apply judgement based on qualitative facts such as the financial health of and near-term business outlook of the issuer of the instrument, changes in technology and operational and financing cash flow.

13. INTANGIBLE ASSETS (CONT'D)

(a) Arising from business combinations

- Goodwill (cont'd)

Impairment test for goodwill

The carrying value of the Group's goodwill arising from acquisitions was assessed for impairment during the financial year.

Goodwill is allocated for impairment testing purposes to the individual entity or division, which is also the cash-generating unit ("CGU").

	Group		Pre-tax discount rate ⁽¹⁾		Terminal growth rate ⁽²⁾	
	2016 S\$'000	2015 S\$'000	2016 %	2015 %	2016 %	2015 %

Multiple units with insignificant goodwill	1,117	1,684				
	60,562	87,853				

⁽¹⁾ The discount rate used is based on Weighted Average Cost of Capital (WACC) where the cost of a company's debt and equity capital are weighted to reflect its capital structure.

⁽²⁾ The terminal growth rate has been determined based on long-term expected inflation rate for the respective country or industry in which the entity or division operates.

The recoverable values of CGUs including goodwill are determined based on value-in-use calculations.

The value-in-use calculations apply a discounted cash flow model using cash flow projections based on financial budgets approved by the Board and management forecasts over a period of five years. Cash flows beyond the terminal year are extrapolated using the estimated terminal growth rates stated in the table above. Key assumptions used in the calculation of value-in-use are growth rates, operating margins and discount rates. Capital expenditure is also assumed to be insignificant.

The management's approach in determining the value assigned to each of the key assumptions includes comparing the key assumptions used to past actual performances (i.e. retrospective reviews) and other external sources of information such as Government statistics on growth, inflation etc.

As the process of evaluating goodwill impairment involves management judgement and prudent estimates of various factors including future cash flows as well as the cost of capital and long-term growth rates, the results can be highly sensitive to the assumptions used. Except for certain CGUs where the recoverable amount approximates the carrying amount, management believes that any reasonably possible change in the key assumptions would not cause the carrying amount of the CGU to exceed its recoverable amount as at the reporting dates.

(i) Waterbrooks Consultants Pte. Ltd ("Waterbrooks")

On September 5, 2014, the Group acquired 60% of the issued share capital of Waterbrooks. Waterbrooks provides investor relations, financial and corporate communications, sustainability reporting and crisis management services. The acquisition included certain trademarks and other intellectual property rights of Waterbrooks.

The total consideration for the acquisition was S\$0.9 million. After accounting for cash acquired of S\$0.1 million, the net cash outflow as of August 31, 2015 was S\$0.8 million. The Group had recognised intangible assets of S\$0.8 million (including goodwill).

An amount of S\$1.2 million (2015: S\$1.1 million) representing the fair value of the call option for the remaining 40% of the shares was recorded in the Group's capital reserve and liabilities accordingly.

The acquired business contributed revenue of S\$1.2 million and net profit of S\$0.1 million to the Group for the period September 5, 2014 to August 31, 2015. There was no material effect to the Group operating revenue and net profit had the acquisition occurred on September 1, 2014.

(ii) StreetSine Technology Group Pte Ltd ("StreetSine")

On October 31, 2014, the Group acquired 60% of the issued share capital of StreetSine. StreetSine provides real-time proprietary information and advanced analytics on the real estate sector in Singapore.

The total consideration for the acquisition was S\$30 million. After accounting for cash acquired of S\$1.6 million, the net cash outflow as of August 31, 2015 was S\$28.4 million. The Group had recognised intangible assets of S\$33.6 million (including goodwill).

The acquired business contributed revenue of S\$3.5 million and net loss of S\$1.8 million to the Group for the period October 31, 2014 to August 31, 2015. If the acquisition had occurred on September 1, 2014, Group operating revenue and net profit for the year ended August 31, 2015 would have increased by another S\$0.8 million and decreased by another S\$0.3 million respectively.

(iii) Beerfest Asia Pte Ltd ("Beerfest")

On June 2, 2015, the Group acquired an additional 40% stake in Beerfest and the Group's shareholdings in Beerfest increased from the initial 40% to 80%. The investment was re-categorised from Associates to Subsidiaries and accounted for accordingly.

The total consideration for the acquisition was S\$0.6 million. After accounting for cash acquired of S\$0.2 million, the net cash outflow as of August 31, 2015 was S\$0.4 million. The Group had recognised intangible assets of S\$1.2 million (including goodwill).

The acquired business contributed revenue of S\$1.7 million and net profit of S\$0.04 million to the Group for the period June 2, 2015 to August 31, 2015. There was no material effect to the Group operating revenue and net profit had the acquisition occurred on September 1, 2014.

	47,372	50,658	20,571	23,208

Deferred tax taken to equity during the financial year is as follows:

	Group		Company	
	2016 S\$'000	2015 S\$'000	2016 S\$'000	2015 S\$'000
Hedging reserve	(302)	167	-	51
Fair value reserve	(226)	3,505	-	-
	(528)	3,672	-	51

Deferred tax assets are recognised for tax losses and capital allowances carried forward to the extent that realisation of the related tax benefits through future taxable profits is probable. The Group has unrecognised tax losses and capital allowances of S\$1.6 million (2015: S\$1.7 million) and S\$0.4 million (2015: S\$0.8 million) respectively at the reporting date which can be carried forward and used to offset against future taxable income, subject to meeting of certain statutory requirements by those companies with unrecognised tax losses and capital allowances in their respective countries of incorporation. The tax losses have no expiry dates.

- (a) On July 24, 2013, SPH REIT established a term loan facility up to the amount of S\$975 million, of which the amount drawn down was S\$850 million. As at the reporting date, the loan stated at amortised cost amounted to S\$845.9 million (2015: S\$844.9 million). A S\$250 million tranche of the loan which matured in July 2016 was revised into two tranches of S\$125 million each, with extended tenures of three years and five years. After the revisions, the loan has various repayment dates of which S\$135 million is repayable in March 2018, S\$185 million in July 2018, S\$125 million in July 2019, S\$280 million in July 2020 and S\$125 million in July 2021.

The term loan is secured by way of a first legal mortgage on SPH REIT's investment property – Paragon [Note 8], first legal charge over the tenancy account and sales proceeds account for Paragon, and an assignment of certain insurances taken in relation to Paragon.

After taking into account fixed interest rates and interest rate swap arrangements totalling S\$730 million (2015: S\$720 million), the effective interest rate as at the reporting date on the outstanding term loan was 2.82% (2015: 2.55%) per annum.

- (b) On June 2, 2015, TSMPL established a term loan facility up to the amount of S\$300 million which was fully drawn down. As at the reporting date, the loan stated at amortised cost amounted to S\$299.5 million (2015: S\$299.2 million). The loan is repayable in June 2018.

The term loan is secured by way of a first legal mortgage on TSMPL's investment property – The Seletar Mall [Note 8], first legal charge over the tenancy account and sales proceeds account for The Seletar Mall, and an assignment of certain insurances taken in relation to The Seletar Mall.

After taking into account interest rate swap arrangements totalling S\$100 million (2015: S\$100 million), the effective interest rate as at the reporting date on the outstanding term loan was 2.31% (2015: 1.80%) per annum.

NOTES TO THE FINANCIAL STATEMENTS

20. BORROWINGS (CONT'D)

- (c) As at August 31, 2016, TSMPL had outstanding unsecured loans of S\$53.7 million (2015: S\$53.7 million) from its non-controlling interest. The loans stated at amortised cost amounted to S\$52 million (2015: S\$52.5 million). The loans are interest-free and repayment is subject to the subordination agreement under the S\$300 million term loan facility taken by TSMPL from a bank [Note 20(b)].

On initial recognition, the loans were recognised at fair value which was determined from the cash flow analyses discounted at the market borrowing rates on the inception dates. The difference between the fair value and principal loan amounts was recognised in the income statement. The unamortised fair value gain as at the reporting date was S\$1.7 million (2015: S\$1.2 million).

- (d) As at August 31, 2016, the other banking facilities included S\$85 million and S\$15 million (2015: S\$85 million) [Note 30(b)] of unsecured facilities drawn down by the Company and a subsidiary of the Group respectively (2015: the Company). The amounts are repayable in September 2016 (2015: September 2015).
- (e) In respect of bank borrowings, where appropriate, the Group's policy is to minimise its interest rate risk exposure by entering into interest rate swaps over the duration of its borrowings. Accordingly, SPH REIT and TSMPL entered into interest rate swap contracts to swap floating rates for fixed interest rates as part of their interest rate risk management. Under the interest rate swaps, SPH REIT and TSMPL agreed with other parties to exchange at specified intervals, the difference between fixed rate and floating rate interest amounts calculated by reference to the agreed notional principal amounts. At August 31, 2016, the fixed interest rate for SPH REIT was 1.44% to 2.32% (2015: 1.10% to 2.31%) and TSMPL was 1.82% (2015: 1.82%) per annum. The floating rates are referenced to Singapore dollar swap offer rate and repriced every three months.

The notional principal amounts of the outstanding interest rate swap contracts and their corresponding fair values as at August 31, 2016 are:

	Group	
	2016 S\$'000	2015 S\$'000
Notional due:

Between 1 - 5 years	550,000	550,000
Fair values* [Note 15]	(10,983)	4,997

* The fair values of interest rate swap contracts had been calculated (using rates quoted by the Group's bankers) assuming the contracts are terminated at the reporting date. These interest rate swaps are contracted with counter-parties which are banks and financial institutions with acceptable credit ratings.

- (f) As at August 31, 2016, the fair value of the loans from non-controlling interest was S\$52 million (2015: S\$52.5 million), determined from the cash flow analyses discounted at market borrowing rates of 1.81% (2015: 1.81%) per annum which management expected to be available to the Group.

30. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks, particularly market risk (including currency risk, price risk and interest rate risk), credit risk and liquidity risk. Where appropriate, the Group's risk management policies seek to minimise potential adverse effects of these risks on the financial performance of the Group.

Matters pertaining to risk management strategies and execution require the decision and approval of the Board of Directors ("Board").

Financial risk management is mainly carried out by a central treasury department ("Treasury & Investment") in accordance with policies approved by the Board. Treasury & Investment analyses its investment portfolio and works closely with business units to identify, evaluate and hedge financial risks where appropriate. Guidelines for authority levels and exposure limits are in place to prevent unauthorised transactions. The Board is regularly updated on the Group's financial investments and hedging activities.

NOTES TO THE FINANCIAL STATEMENTS

30. FINANCIAL RISK MANAGEMENT (CONT'D)

The policies for managing these risks are summarised below.

(a) Market risk

(i) Currency risk

The currency risk of the Group arises from its operational purchases of raw materials and consumable stores and capital expenditure denominated in currencies other than the functional currency. In addition, currency risk also arises from the Group's foreign currency investments and from costs incurred by its overseas news bureaus. The Group also has investments in foreign subsidiaries, associates and joint ventures, whose net assets are exposed to currency translation risk.

Where appropriate, the Group enters into foreign exchange forward contracts and cross currency swaps to hedge against its currency risk resulting from anticipated sale and purchase transactions in foreign currencies, its foreign currency denominated investments and net assets of its foreign subsidiaries, associates and joint ventures.

The Group's currency exposure on its monetary financial assets and liabilities based on the information provided to key management is as follows:

(ii) Price risk

The Group is exposed to securities price risk arising from its investments which are classified either as available-for-sale or at fair value through profit or loss. To manage the price risk arising from its investments, the Group diversifies its portfolio across different markets and industries, where appropriate.

30. FINANCIAL RISK MANAGEMENT (CONT'D)

(a) Market risk (cont'd)

(iii) Interest rate risk

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

The Group has cash balances placed with reputable banks and financial institutions, and investments in bonds and government-related securities, which generate interest income for the Group. The Group manages its interest rate risks by placing such balances on varying maturities and interest rate terms.

The Group's debt comprises mainly bank borrowings taken up by the Company and its subsidiaries to finance its operations. Where appropriate, the Group seeks to minimise its cash flow interest rate risk exposure by entering into interest rate swap contract to swap floating interest rate for fixed interest rate over the duration of its borrowings.

The Group's and the Company's borrowings at variable rates on which effective hedges have not been entered into are denominated mainly in SGD.

A change of 0.5% (2015: 0.5%) in interest rate at the reporting date would affect profit after tax and other comprehensive income by the amounts shown below. This analysis assumes that all other variables remain constant.

30. FINANCIAL RISK MANAGEMENT (CONT'D)

(b) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations, thereby resulting in financial loss to the Group. For trade receivables, the Group manages its credit risk through the application of credit approvals, credit limits and monitoring procedures. Where appropriate, the Group obtains collateral in the form of deposits, bankers'/insurance guarantees from its customers, and imposes cash terms and/or advance payments from customers of lower credit standing. For other financial assets, the Group adopts the policy of dealing only with high credit quality counterparties. As such, management has determined the credit quality of the customers to be of acceptable risk.

The maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the statement of financial position which comprise mainly trade and other receivables, investments in bonds and notes, and cash balances placed with banks. In addition, the Company is the primary obligor for unsecured composite advance facilities which could be utilised by the Company and its designated subsidiaries. The amounts utilised by the Company and a subsidiary as at August 31, 2016 were S\$85 million (2015: S\$85 million) and S\$15 million (2015: Nil) respectively [Note 20(d)].

The credit risk for trade receivables based on the information provided to key management is as follows:

As at August 31, 2016, 40% – 65% (2015: 40% – 60%) of the trade receivables were backed by bankers'/insurance guarantees and/or deposits from customers.

(i) Financial assets that are neither past due nor impaired

Bank deposits and investments in bonds are neither past due nor impaired. Bank deposits are placed with reputable banks and financial institutions. The Group's bond portfolio is primarily invested in investment grade securities. Trade receivables that are neither past due nor impaired are substantially due from companies with a good collection track record with the Group.

(c) Liquidity risk

Liquidity risk refers to the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities. To manage liquidity risk, the Group monitors and maintains a level of cash and cash equivalents to finance the Group's operations and mitigate the effects of fluctuation in cash flows.

The table below analyses the maturity profile of the Group's and the Company's financial liabilities (including derivative financial liabilities) based on contractual undiscounted cash flows.

(d) Capital management

The Group's objectives for managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

The total capital of the Group and the Company is represented by the respective "Shareholders' interests" as presented on the statements of financial position.

Management uses the "Return on Shareholders' Funds" as a measure of efficiency in managing capital. The "Return on Shareholders' Funds" is calculated as profit attributable to shareholders divided by shareholders' interests. The "Return on Shareholders' Funds" was 7.5% per annum for the current financial year ended August 31, 2016 (2015: 8.9% per annum) and is in line with the Group's objectives. The "Return on Shareholders' Funds" for the last five years was between 7.5% and 15.6%.

(e) Fair value measurements

The following table presents assets and liabilities measured at fair value and classified by level of the following fair value measurement hierarchy:

- (i) Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (ii) Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) Inputs for the asset and liability that are not based on observable market data (unobservable inputs) (Level 3).

The assessment of the fair value of unquoted financial instruments is performed on a quarterly basis by the Group's finance department. The determination of the fair value of investment properties is performed on an annual basis by external independent property valuers having appropriate recognised professional qualifications and experience in the category of property being valued. Management reviews the appropriateness of the valuation methodologies and assumptions adopted and addresses any significant issues that may arise.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

The fair value of financial instruments that are not traded in an active market is determined from information provided by financial institutions and issuers using valuation techniques with observable inputs that are based on market information existing at each reporting date. These financial instruments are included in Level 2.

(e) Fair value measurements (cont'd)

Where a valuation technique for financial instruments is based on significant unobservable inputs, such instruments are included in Level 3. The fair value of investment properties and available-for-sale financial assets included in Level 3 is determined as follows:

Description	Valuation technique(s)	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Investment properties			
Completed - Retail, residential and commercial	Capitalisation approach	- Capitalisation rate: 3.8% to 5% (2015: 3.8% to 5%)	The estimated fair value varies inversely with the capitalisation rate.
	Discounted cashflow approach	- Discount rate: 7.5% (2015: 6.5% to 7.5%)	The estimated fair value varies inversely with the discount rate.
	Comparable sales method	- Comparable sales prices*: S\$1,093psf to S\$4,967psf (2015: S\$1,250psf to S\$2,624psf)	The estimated fair value varies with the adjusted comparable sales prices.
Available-for-sale financial assets			
Equities	Net tangible assets	- Net tangible assets*	N.A.
	Discounted cashflow approach	- Forecast revenue growth and EBITDA margin - Discount rate	The estimated fair value varies directly with the forecast revenue growth and EBITDA margin, and varies inversely with the discount rate.
Bonds	Net asset value	- Net asset value**	N.A.
Investment funds	Net asset value	- Net asset value**	N.A.
Asset held for sale			
Equity	Agreed sale consideration	N.A.	N.A.

+ Comparable sales prices have been adjusted by the size, tenure, location, age and condition and development of the comparable properties to arrive at the fair value of the investment properties held by the Group.

* Fair value of unquoted equities is determined by reference to the underlying net tangible assets of the investee companies.

** Fair value of unquoted bonds and unquoted investment funds is determined by reference to the underlying asset value of the investee companies, which comprise mainly investment properties at fair value or portfolio investments at fair value.

The above includes total emoluments of the Company's directors of S\$4 million (2015: S\$3.9 million).

32. SEGMENTAL INFORMATION

(a) Operating segments

Management has determined the operating segments based on the reports provided to the Chief Executive Officer of the Company that are used to make strategic decisions.

The Group is organised into three major operating segments, namely Media, Property, and Treasury and Investment. The Media segment is involved in the production of content for distribution on print and other media platforms. The Property segment holds, manages and develops properties of the Group. The Treasury and Investment segment manages the investment activities of the Group. Other operations under the Group, which are currently not significant to be reported separately, are included under "Others". These include the Group's businesses and investments in online classifieds, events and exhibitions and the New Media Fund.

Segment performance is evaluated based on profit/(loss) before taxation which is used as a measure of performance as management believes this is most relevant in evaluating the results of the segments.

Inter-segment pricing is determined on mutually agreed terms. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

32. SEGMENTAL INFORMATION (CONT'D)

(b) Geographical segments

The principal geographical area in which the Group operates is Singapore. The Group's overseas operations include publishing and distributing magazines, providing marketing and editorial services, providing online classifieds services, organising events and exhibitions, and holding investments.

	Operating revenue		Non-current assets		Total assets	
	2016 S\$'000	2015 S\$'000	2016 S\$'000	2015 S\$'000	2016 S\$'000	2015 S\$'000

33. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS

Certain new standards and amendments and interpretations to existing standards have been published and are mandatory for the Group's accounting periods beginning on or after September 1, 2016 or later periods for which the Group has not early adopted.

These new standards include, among others, IFRS 1 *First-time adoption of IFRS*, FRS 115 *Revenue from Contracts with Customers*, FRS 109 *Financial Instruments* and FRS 116 *Leases*. IFRS 1, FRS 115 and FRS 109 are mandatory for adoption by the Group on September 1, 2018, and FRS 116 on September 1, 2019.

- The Accounting Standards Council ("ASC") announced on May 29, 2014 that Singapore-incorporated companies listed on the Singapore Exchange ("SGX") will apply a new financial reporting framework identical to the International Financial Reporting Standards ("IFRS") for accounting periods beginning on or after January 1, 2018. Singapore-incorporated companies listed on SGX will have to assess the impact of IFRS 1 when transitioning to the new reporting framework. The Group is currently assessing the impact of transitioning to the new reporting framework on its financial statements.
- FRS 115 establishes a comprehensive framework for determining whether, how much and when revenue is recognised. It also introduces new cost guidance which requires certain costs of obtaining and fulfilling contracts to be recognised as separate assets when specified criteria are met. When effective, FRS 115 replaces existing revenue recognition guidance, including FRS 18 *Revenue*, FRS 11 *Construction Contracts*, INT FRS 113 *Customer Loyalty Programmes*, INT FRS 115 *Agreements for the Construction of Real Estate*, INT FRS 118 *Transfers of Assets from Customers* and INT FRS 31 *Revenue – Barter Transactions Involving Advertising Services*.
- FRS 109 replaces most of the existing guidance in FRS 39 *Financial Instruments: Recognition and Measurement*. It includes revised guidance on classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements.
- FRS 116 eliminates the lessee's classification of leases as either operating leases or finance leases and introduces a single lessee accounting model. Applying the new model, a lessee is required to recognise right-of-use (ROU) assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. FRS 116 substantially carries forward the lessor accounting requirements in FRS 17 *Leases*. Accordingly, a lessor continues to classify its leases as operating leases or finance leases, and to account for these two types of leases using the FRS 17 operating lease and finance lease accounting models respectively. However, FRS 116 requires more extensive disclosures to be provided by a lessor. When effective, FRS 116 replaces existing lease accounting guidance, including FRS 17, INT FRS 104 *Determining whether an Arrangement contains a Lease*, INT FRS 15 *Operating Leases – Incentives*, and INT FRS 27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*.

33. NEW OR REVISED ACCOUNTING STANDARDS AND INTERPRETATIONS (CONT'D)

As FRS 115, FRS 109 and FRS 116, when effective, will change the existing accounting standards and guidance applied by the Group and the Company in accounting for revenue, financial instruments and leases, these standards are expected to be relevant to the Group and the Company. The Group is currently assessing the potential impact on its financial statements and plans to adopt these standards on the required effective date.

34. AUTHORISATION OF FINANCIAL STATEMENTS

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and
 - (b) (notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instrument made or granted by the Directors while this Resolution is in force,

NOTICE OF ANNUAL GENERAL MEETING

SINGAPORE PRESS HOLDINGS LIMITED

(Incorporated in the Republic of Singapore) Co Regn No: 198402868E

provided that:

- (1) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50 per cent. of the total number of issued shares (excluding treasury shares) of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 10 per cent. of the total number of issued shares (excluding treasury shares) of the Company (as calculated in accordance with sub-paragraph (2) below);
 - (2) (subject to such manner of calculation and adjustments as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (1) above, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares) of the Company at the time this Resolution is passed, after adjusting for:
 - (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time this Resolution is passed; and
 - (ii) any subsequent bonus issue, consolidation or subdivision of shares;
 - (3) in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the listing manual of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
 - (4) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier.”
- (ii) “That:
- (a) for the purposes of Sections 76C and 76E of the Companies Act, the exercise by the Directors of the Company of all the powers of the Company to purchase or otherwise acquire issued ordinary shares of the Company (“**Ordinary Shares**”) not exceeding in aggregate the Maximum Limit (as hereafter defined), at such price or prices as may be determined by the Directors of the Company from time to time up to the Maximum Price (as hereafter defined), whether by way of:
 - (i) market purchase(s) on the SGX-ST; and/or
 - (ii) off-market purchase(s) (if effected otherwise than on the SGX-ST) in accordance with any equal access scheme(s) as may be determined or formulated by the Directors as they consider fit, which scheme(s) shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other laws and regulations and rules of the SGX-ST as may for the time being be applicable, be and is hereby authorised and approved generally and unconditionally (the “**Share Buy Back Mandate**”);

(Incorporated in the Republic of Singapore) Co Regn No: 198402868E

- (b) unless varied or revoked by the Company in general meeting, the authority conferred on the Directors of the Company pursuant to the Share Buy Back Mandate may be exercised by the Directors of the Company at any time and from time to time during the period commencing from the date of the passing of this Resolution and expiring on the earliest of:
- (i) the date on which the next Annual General Meeting of the Company is held;
 - (ii) the date by which the next Annual General Meeting of the Company is required by law to be held; and
 - (iii) the date on which purchases or acquisitions of Ordinary Shares pursuant to the Share Buy Back Mandate are carried out to the full extent mandated;

- (c) in this Resolution:

“Average Closing Price” means the average of the last dealt prices of an Ordinary Share for the five consecutive trading days on which the Ordinary Shares are transacted on the SGX-ST immediately preceding the date of market purchase by the Company or, as the case may be, the date of the making of the offer pursuant to the off-market purchase, and deemed to be adjusted, in accordance with the listing rules of the SGX-ST, for any corporate action which occurs after the relevant five day period;

“date of the making of the offer” means the date on which the Company announces its intention to make an offer for the purchase or acquisition of Ordinary Shares from holders of Ordinary Shares, stating therein the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Ordinary Share and the relevant terms of the equal access scheme for effecting the off-market purchase;

“Maximum Limit” means that number of issued Ordinary Shares representing 10 per cent. of the total number of the issued Ordinary Shares as at the date of the passing of this Resolution (excluding any Ordinary Shares which are held as treasury shares as at that date); and

“Maximum Price”, in relation to an Ordinary Share to be purchased or acquired, means the purchase price (excluding brokerage, commission, applicable goods and services tax and other related expenses) which shall not exceed, in the case of a market purchase of an Ordinary Share and off-market purchase pursuant to an equal access scheme, 105 per cent. of the Average Closing Price of the Ordinary Share; and

- (d) the Directors of the Company and/or any of them be and are hereby authorised to complete and do all such acts and things (including executing such documents as may be required) as they and/or he may consider expedient or necessary to give effect to the transactions contemplated and/or authorised by this Resolution.”

- (iii) “That:

- (a) the SPH Performance Share Plan (the **“Existing Share Plan”**) be and is hereby terminated, provided that such termination shall be without prejudice to the rights of holders of awards outstanding under the Existing Share Plan as at the date of such termination;
- (b) a new performance share plan to be known as the **“SPH Performance Share Plan 2016”** (the **“SPH Performance Share Plan”**), the rules of which, for the purpose of identification, have been subscribed to by the Chairman of the Meeting, under which awards (**“Awards”**) of fully paid-up Ordinary Shares, their equivalent cash value or combinations thereof will be granted, free of payment, to selected employees of the Company, its subsidiaries and its associated companies, including executive Directors of the Company, and other selected participants, details of which are set out in the Letter to Shareholders dated November 1, 2016, be and is hereby approved;

- (c) the Directors of the Company be and are hereby authorised:
 - (i) to establish and administer the SPH Performance Share Plan; and
 - (ii) to modify and/or alter the SPH Performance Share Plan at any time and from time to time, provided that such modification and/or alteration is effected in accordance with the provisions of the SPH Performance Share Plan, and to do all such acts and to enter into all such transactions and arrangements as may be necessary or expedient in order to give full effect to the SPH Performance Share Plan; and
- (d) the Directors of the Company be and are hereby authorised to grant Awards in accordance with the provisions of the SPH Performance Share Plan and to allot and issue from time to time such number of fully paid-up Ordinary Shares as may be required to be delivered pursuant to the vesting of Awards under the SPH Performance Share Plan, provided that:
 - (i) the aggregate number of (1) new Ordinary Shares allotted and issued and/or to be allotted and issued, (2) existing Ordinary Shares (including Ordinary Shares held as treasury shares) delivered and/or to be delivered, and (3) Ordinary Shares released and/or to be released in the form of cash in lieu of Ordinary Shares, pursuant to Awards granted under the SPH Performance Share Plan, shall not exceed 5 per cent. of the total number of issued Ordinary Shares (excluding Ordinary Shares held as treasury shares) from time to time;
 - (ii) the aggregate number of Ordinary Shares under Awards to be granted pursuant to the SPH Performance Share Plan during the period (the “**Relevant Year**”) commencing from this Annual General Meeting and ending on the date of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier, shall not exceed 1 per cent. of the total number of issued Ordinary Shares (excluding Ordinary Shares held as treasury shares) from time to time (the “**Yearly Limit**”); and
 - (iii) if the Yearly Limit is not fully utilised during the Relevant Year, any unutilised portion of the Yearly Limit may be used for the grant of Awards in subsequent years for the duration of the SPH Performance Share Plan.”
- (iv) “That the regulations contained in the new Constitution submitted to this Meeting and, for the purpose of identification, subscribed to by the Chairman thereof, be approved and adopted as the new Constitution of the Company in substitution for, and to the exclusion of, the existing Constitution.”

NOTICE OF ANNUAL GENERAL MEETING

SINGAPORE PRESS HOLDINGS LIMITED

(Incorporated in the Republic of Singapore) Co Regn No: 198402868E

Notes:

1. (a) A Member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the Annual General Meeting. Where such Member's form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
- (b) A Member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the Annual General Meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such Member. Where such Member's form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.

"Relevant intermediary" has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.

2. A proxy need not be a Member of the Company.
3. The instrument appointing a proxy or proxies must be lodged at the Company's Share Registration Office, Tricor Barbinder Share Registration Services (A division of Tricor Singapore Pte. Ltd.), 80 Robinson Road, #11-02, Singapore 068898 not less than 48 hours before the time fixed for the Meeting.

Personal Data Privacy:

By submitting an instrument appointing a proxy(ies) and/or representative(s) to attend, speak and vote at the Annual General Meeting and/or any adjournment thereof, a Member of the Company (i) consents to the collection, use and disclosure of the Member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of proxies and representatives appointed for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines (collectively, the "Purposes"), (ii) warrants that where the Member discloses the personal data of the Member's proxy(ies) and/or representative(s) to the Company (or its agents or service providers), the Member has obtained the prior consent of such proxy(ies) and/or representative(s) for the collection, use and disclosure by the Company (or its agents or service providers) of the personal data of such proxy(ies) and/or representative(s) for the Purposes, and (iii) agrees that the Member will indemnify the Company in respect of any penalties, liabilities, claims, demands, losses and damages as a result of the Member's breach of warranty.

EXPLANATORY NOTES & STATEMENT PURSUANT TO ARTICLE 72 OF THE COMPANY'S CONSTITUTION

1. In relation to Ordinary Resolution No. 3(i):
Lee Boon Yang* will, upon re-election, continue as Chairman of the Executive Committee and the Remuneration Committee, and as a member of the Nominating Committee. He is considered an independent Director. There are no relationships (including immediate family relationships) between Dr Lee and the other Directors or the Company.
2. In relation to Ordinary Resolution No. 3(ii):
Chong Siak Ching* will, upon re-election, continue as a member of the Remuneration Committee and the Nominating Committee. She is considered an independent Director. There are no relationships (including immediate family relationships) between Ms Chong and the other Directors or the Company.
3. In relation to Ordinary Resolution No. 3(iii):
Tan Chin Hwee* will, upon re-election, continue as a member of the Audit Committee and the Board Risk Committee. He is considered an independent Director. There are no relationships (including immediate family relationships) between Mr Tan and the other Directors or the Company.

SINGAPORE PRESS HOLDINGS LIMITED

(Incorporated in the Republic of Singapore) Co Regn No: 198402868E

4. In relation to Ordinary Resolution No. 3(iv):

Janet Ang Guat Har* will, upon re-election, continue as a member of the Audit Committee and the Board Risk Committee. She is considered an independent Director. There are no relationships (including immediate family relationships) between Ms Ang and the other Directors or the Company.

5. In relation to Ordinary Resolution No. 4:

Ng Yat Chung* will, upon re-election, continue as a member of the Board Risk Committee. He will be appointed as a member of the Nominating Committee. He is considered an independent Director. There are no relationships (including immediate family relationships) between Mr Ng and the other Directors or the Company.

6. Ordinary Resolution No. 5, if passed, will facilitate the payment of Directors' fees during the financial year in which the fees are incurred, that is, during the financial year from September 1, 2016 to August 31, 2017. The amount of Directors' fees is computed based on the anticipated number of Board and Board Committee meetings, assuming full attendance by all the Directors. The amount also includes a contingency sum to cater to unforeseen circumstances such as the appointment of an additional Director, additional unscheduled Board meetings and for the formation of additional Board Committees.

* *Details of the Director's current directorships in other listed companies and other principal commitments are set out on pages 26 to 29 of the Annual Report 2016.*

7. The effects of the Resolutions under the heading "Special Business" in the Notice of the Thirty-Second Annual General Meeting are:

(a) Ordinary Resolution No. 7(i) is to authorise the Directors of the Company from the date of that meeting until the next Annual General Meeting, subject to the provisions of the Newspaper and Printing Presses Act, Chapter 206, to issue shares of the Company and/or to make or grant instruments (such as warrants or debentures) convertible into shares, and to issue shares in pursuance of such instruments, up to a number not exceeding in total 50 per cent. of the total number of issued shares (excluding treasury shares) of the Company, of which up to 10 per cent. of the total number of issued shares (excluding treasury shares) of the Company may be issued other than on a pro rata basis to shareholders. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares) of the Company at the time that Ordinary Resolution No. 7(i) is passed, after adjusting for (i) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time that Ordinary Resolution No. 7(i) is passed, and (ii) any subsequent bonus issue, consolidation or subdivision of shares. For the avoidance of doubt, any consolidation or subdivision of shares of the Company will require shareholders' approval.

(b) Ordinary Resolution No. 7(ii) is to renew the mandate to permit the Company to purchase or acquire issued ordinary shares of the Company on the terms and subject to the conditions of the Resolution.

The Company may use internal sources of funds, or a combination of internal resources and external borrowings, to finance the purchase or acquisition of its ordinary shares. The amount of funding required for the Company to purchase or acquire its ordinary shares, and the impact on the Company's financial position, cannot be ascertained as at the date of this Notice as these will depend on the number of ordinary shares purchased or acquired and the price at which such ordinary shares were purchased or acquired and whether the ordinary shares purchased or acquired are held in treasury or cancelled.

The financial effects of the purchase or acquisition of such ordinary shares by the Company pursuant to the proposed Share Buy Back Mandate on the audited financial statements of the Company and the Group for the financial year ended August 31, 2016, based on certain assumptions, are set out in paragraph 2.8 of the Letter to Shareholders dated November 1, 2016, which is enclosed together with the Summary Report 2016.

NOTICE OF ANNUAL GENERAL MEETING

SINGAPORE PRESS HOLDINGS LIMITED

(Incorporated in the Republic of Singapore) Co Regn No: 198402868E

- (c) Ordinary Resolution No. 7(iii) is to approve the adoption of the new SPH Performance Share Plan 2016 to replace the existing SPH Performance Share Plan, which is due to expire on 4 December 2016. If passed, Ordinary Resolution No. 7(iii) will empower the Directors to grant awards, and to allot and issue new ordinary shares of the Company, pursuant to the SPH Performance Share Plan 2016. The total number of ordinary shares which may be delivered pursuant to awards granted under the SPH Performance Share Plan 2016 (whether in the form of ordinary shares or in the form of cash in lieu of ordinary shares) shall not exceed 5 per cent. of the total number of issued ordinary shares (excluding ordinary shares held as treasury shares) from time to time. In addition, Ordinary Resolution No. 7(iii) will provide that the total number of ordinary shares under awards to be granted pursuant to the SPH Performance Share Plan 2016 from this Annual General Meeting to the next Annual General Meeting (the “**Relevant Year**”) shall not exceed 1 per cent. of the total number of issued ordinary shares (excluding treasury shares) from time to time (the “**Yearly Limit**”), provided that if the Yearly Limit is not fully utilised during the Relevant Year, any unutilised portion of the Yearly Limit may be used by the Directors to make grants of awards under the SPH Performance Share Plan 2016 in subsequent years, for the duration of the SPH Performance Share Plan 2016. Please refer to the Letter to Shareholders dated November 1, 2016 for more details.
- (d) Special Resolution No. 7(iv) is to adopt a new Constitution following the wide-ranging changes to the Companies Act, Chapter 50 (the “**Companies Act**”) introduced pursuant to the Companies (Amendment) Act 2014 (the “**Amendment Act**”). The new Constitution will consist of the memorandum and articles of association of the Company which were in force immediately before 3 January 2016, and incorporate amendments to (*inter alia*) take into account the changes to the Companies Act introduced pursuant to the Amendment Act. Please refer to the Letter to Shareholders dated November 1, 2016 for more details.

STATEMENT PURSUANT TO SECTION 64A OF THE COMPANIES ACT, CHAPTER 50

The holders of management and ordinary shares shall be entitled to one (1) vote for each share, except that on any resolution relating to the appointment or dismissal of a director or any member of the staff of the Company, the holders of the management shares shall be entitled either on a poll or show of hands to two hundred (200) votes for each management share held in accordance with the provisions of the Newspaper and Printing Presses Act, Chapter 206.

IMPORTANT

Note:

1. Please insert the total number of ordinary shares and/or management shares (“Shares”) held by you. If you have ordinary shares entered against your name in the Depository Register (maintained by The Central Depository (Pte) Limited), you should insert that number of ordinary shares. If you have Shares registered in your name in the Register of Members (maintained by or on behalf of the Company), you should insert that number of Shares. If you have ordinary shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the Shares held by you.
 2.
 - (a) A member who is not a relevant intermediary is entitled to appoint not more than two proxies to attend, speak and vote at the Annual General Meeting, provided that a member holding management shares is entitled to appoint more than two proxies to attend, speak and vote at the Annual General Meeting in respect of the management shares held by him. Where such member’s form of proxy appoints more than one proxy, the proportion of the shareholding concerned to be represented by each proxy shall be specified in the form of proxy.
 - (b) A member who is a relevant intermediary is entitled to appoint more than two proxies to attend, speak and vote at the Annual General Meeting, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such member. Where such member’s form of proxy appoints more than two proxies, the number and class of shares in relation to which each proxy has been appointed shall be specified in the form of proxy.
- “**Relevant intermediary**” has the meaning ascribed to it in Section 181 of the Companies Act, Chapter 50.
3. A proxy need not be a member of the Company.
 4. The instrument appointing a proxy or proxies must be deposited at the Share Registration Office of the Company at Tricor Barbinder Share Registration Services (A division of Tricor Singapore Pte. Ltd.), 80 Robinson Road, #11-02, Singapore 068898, not less than 48 hours before the time appointed for the Annual General Meeting.
 5. Completion and return of an instrument appointing a proxy or proxies shall not preclude a member from attending, speaking and voting at the Annual General Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the Annual General Meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the relevant instrument appointing a proxy or proxies, to the Annual General Meeting.
 6. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised.
 7. A corporation which is a member may authorise by resolution of its directors or other governing body such person as it thinks fit to act as its representative at the Annual General Meeting, in accordance with Section 179 of the Companies Act, Chapter 50.
 8. The Company shall be entitled to reject the instrument appointing a proxy or proxies if it is incomplete, improperly completed or illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy or proxies (including any related attachment). In addition, in the case of ordinary shares entered in the Depository Register, the Company may reject any instrument appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have ordinary shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Annual General Meeting, as certified by The Central Depository (Pte) Limited to the Company.
